

PERFECT 10 NAIL & TECHNOLOGY SCHOOL

Master Supply Flyer

Student take-home items, take-home specialty materials, and in-school community-use supplies

This master list keeps all supplies on one flyer without individual pricing. It separates what students take home from what remains school property for in-school community use.

Student Take-Home Items

These items are issued as student take-home supplies. Students keep these materials unless otherwise stated.

Important Notes

- Older pricing models may not include take-home items. This does not exclude students from participating in the exercise.
- Students keep what they create, but not the materials used to make them unless otherwise stated.
- EMA is available for use on humans. MMA is for practice use only and must not be used on human clients.
